OPERATORS PUT OLD QUESTION UP TO MINERS

Again Ask That Employes Agree to Continue Work After Aug. 31 in Event of No New Contract

EMPLOYES UNMOVED

Say Such Action Would Mean No Agreement by That Date and Reiterate There is Plenty of Time

Atlantic City, July 10.—Anthracite operators meeting in sub-committee with the mine workers today to arrange a new wage contract again proposed that the workers agree to remain at work after August 31 in the event no agreement is reached by that time, but the union leaders made the same reply they gave yesterday.

The operators wanted such an understanding to so as to allay "public apprehension of a recurrence of the lamentable conditions of last winter." The miners said that if both sides applied themselves diligently to the task there was plenty of time to reach an agreement.

Miners Remain Firm.

When the operators brought up the question of non-suspension, the miners quickly indicated they had not changed their minds. They argued, according to infomation gleaned after the meeting, that to make an agreement at this time for non-suspension would be unwarranted anticipation that the sub-committee could not function properly and could not make an agreement by August 31. It was also argued by the union that such an agreement would have the effect of insuring no contract by August 31, and would take away the necessity of reaching an understanding on wages and working conditions by that date.

The operators, feeling out the miners, asked whether the workers would be of the same mind around August 1, to which, it is understood, the miners replied that it would depend upon the progress made and whether reasonable ground had been covered, which would make an agreement possible by August 31.

According to operators, they interpret the refusal of the miners to agree to no suspension as taking from them an economic weapon to force an agreement.

WEST POINT CADET INSTANTLY KILLED

Stepped From Behind Tree to Watch Results of Explosion in Retreat Instruction

Newburg, July 10.—Cadet Gerhard George Rowe, a member of the graduating class of the United States Military academy at West Point, was instantly killed near West Point yesterday afternoon when he was struck in the chest by a piece of metal propelled by an explosive charge. Rowe was one of a party of 100 students from the academy engaged in military instruction.

A section of railroad had been constructed and the cadets were being taught the method of destroying a railroad if compelled to retreat. When the explosive had been placed under the tracks, the students were directed to take cover and to remain until after the explosion. Cadet Rowe, who was said to have become over anxious, stepped from behind the tree which was sheltering him the instant the charge went off. Death was instantaneous. Rowe's home was in Menomine, Wis.

DRUGGIST FILES SUIT TO RETAIN ALCOHOL STOCKS

New York, July 10. — Following the example set recently by physicians who contested government authority to say how much liquor they might prescribe to a patient, Alexander Savitch, a druggist, today filed suit to restrain Palmer Canfield, state prohibition director, from interfering with a drug stock of alcohol kept for other than beverage use.

Savitch, who has a drug store on the East Side, contends that the 18th amendment does not give the government the right to interfere with alcohol intended for the manufacture of standard remedies, or for the compounding of doctors' prescriptions. All laws attempting to interfere with supplies of alcohol for other than beverage purposes are unconstitutional, Savitch avers.

OPENS MAIL; POLICE WATCH

Louisville, Ky., July 10. — Four thousand letters were opened by a robber here late last night in a substation, it was learned today, while two patrolmen with drawn guns waited outside for the arrival of post office inspectors to unlock the door.

The inspectors arrived an hour after the office had been looted and upon entering were alleged to have caught John Long, 22, in the act of opening mail. The floor was a sea of torn envelopes. Long had obtained only $50 in cash and $40 in street car tickets from the mail, one of the uniform duties of a letter carrier's work. He was held for federal authorities today.

PERSHING VISITS PEEKSKILL CAMP

Presents D. S. M. to Two Officers of National Guard; Congratulates Soldiers

Peekskill, July 10.—General Pershing today visited the state national guard camp here, and after inspecting the 105th and 106th Infantry regiments, presented Distinguished Service Medals to Lieutenant Colonel Edward McLoer, Jr., who commanded the 106th Machine Gun battalion in the World war and Captain Harry G. Montgomery, an artillery officer who served overseas.

General Pershing, addressing the officers, congratulated them on the spirit of the National guard. He said the guard was the nucleus of the war time emergency and asserted that the bad feeling between the guard and regular army of former times had given place to hearty cooperative spirit.

Governor Sleeps in Tent.

Governor Silzer of New Jersey is expected to visit the camp tomorrow. Arch Bishop Patrick J. Hays is also expected. He will dedicate a new military chapel, which is to be used alternately by all religious denominations.

General Pershing left the camp tonight and shortly after his departure Governor Smith arrived. The governor planned to pass the night under canvas. Today was the hottest day the camp has known this year, which doubtless decided to governor to remain over night in a camp tent rather than continue his journey in the stifling heat. Governor Smith plans to return to the camp later in the season, when Governor's day will be observed.

QUICK SETTLEMENT OF STEEL STRIKE

Sydney Trouble May Be Near End as Result of Confab; Some Miners Working

Halifax, N. S., July 10.—The prospects of an early settlement of the strike of steel workers in Sydney was indicated today in a brief official statement by the government after a conference between Premier Armstrong and members of his ministry and Rupert Curtiss, international representative of the steel workers' union.

Obey Lewis' Order.

Sydney, N. S., July 10.—The joint strike of steel workers and coal miners in the Cape Breton area suffered its first setback tonight when miners of Springhill, Cumberland county, voted to remain at work in compliance with the instruction of John L. Lewis, international president, United Mine Workers of America. The vote was 187 to 27.

During the day about 2,400 miners in Pictou county joined the strike.

Another development was the dispatch of 500 soldiers and provincial police from Sydney to No. 2 mine at Glace Bay, which they occupied without disorder.

AMERICANS IN CHINA SEND APPEAL TO U. S. PRESIDENT

(By the Associated Press.)

Shanghai, July 10. — Greetings to President Harding on the occasion of his first voyage in Pacific waters and an urgent appeal to him to take the lead in saving democracy in China were sent by wireless to the chief executive today by the American chamber of commerce in Shanghai. The message read:

"Conditions in China are most critical. They demand your closest attention and American leadership. Otherwise China's millions will be forced to abandon their dream for democracy and possibly accept the leadership of interests not in sympathy with our ideals and with world peace."

ANOTHER "FIGHT" BANK FAILS

Great Falls, Mont., July 10. — The First State bank of Shelby, of which Jim Johnson, one of the backers of the Dempsey-Gibbons bout, is president, closed its doors this morning, according to a statement made here by State Bank Examiner L. C. Skelton, who is here to take charge of the Stanton Trust and Savings bank, which went into voluntary liquidation Monday noon.

GIVES ACCOUNT OF SUFFERINGS OF DEAD WOMAN

Nurse Testifies Mrs. Creighton Improved Under Her Care, But Suddenly Shows Symptoms of Poisoning

RELATIVE AT HAND

Daughter-in-Law, Defendant, in Room While Nurse Prepares Meals at Time of Alleged Crime

Newark, N. J., July 10.—A detailed account of the last moment of Mrs. Anna Creighton in connection with whose death her daughter-in-law, Mrs. Mary Creighton, 24, is now on trial on a charge of murder, was presented today by Mrs. Florence Morris, a nurse, who was placed on the stand by the state in an effort to show that the elder Mrs. Creighton had died of poison administered by the defendant.

Mrs. Morris testified that she took charge of the elder Mrs. Creighton, who was ill, on the night of November 30, 1920, and that the patient showed improvement the next day. She said that she left the sick room for 20 minutes to prepare some food for Mrs. Creighton, leaving the younger Mrs. Creighton in charge. On her return from the kitchen she testified she found her patient showing symptoms of suffering which later became so violent that she summoned the family physician. Mrs. Creighton died late that night.

No Move to Aid Woman.

Mrs. Morris further testified that the younger Mrs. Creighton was sitting at her mother-in-law's bedside without making an effort to relieve the sick woman and that she had uttered nothing when asked "what has happened?"

Dr. A. E. Edel, toxicologist, who analyzed the vital organs of the dead woman, testified that he had found traces of poison in half of the organs he had examined.

Mrs. Creighton, the defendant, was acquitted with her husband, John, several weeks ago on a charge of poisoning her brother, Charles Avery. In both trials the state contended that financial betterment had resulted [illegible]

PUSH BUTTONS DISCLOSE MUCH PROHIBITED LIQUOR

New York, July 10. — Inquisitive prohibition agents raided a saloon in Harlem today on a tip that liquor would be found in the safe, and observing the unusual number of push buttons in the place, tested them all and collected a large quantity of gin, whiskey and other liquids that appeared automatically.

First they found 15 bottles of liquor in the safe, then they pushed two buttons which opened drawers behind the bar containing 15 more bottles. Another button lifted a trap door in the ceiling which led to another door and opening this they found 148 pints of gin, 68 quarts of whiskey and 10 gallons of miscellaneous liquors in a hole in the wall. The proprietor was arrested.

AMERICA NOT IN HURRY TO SIGN TURKISH DOCUMENT

(By the Associated Press)

Lausanne, July 10. — Repeated Turkish diplomatic victories over the allies in the Lausanne discussion have recacted on the American negotiations for a revision of the old Turkish treaty, and things are not going so smoothly at present as had been expected. There is a sort of dead-lock on some of the clauses, although neither the Americans nor the Turks will explain the reasons for the hitch.

It is learned that Ismet Pasha, having finished with the allies, and having finished them, as some have commented, told his experts to speed up the American negotiations, so that the American treaty would be ready for signature immediately after the general European peace document was signed. The Americans, however, are in no hurry and apparently do not intend to be stampeded into agreeing to provisions that do not adequately protect American interests.

REORGANIZE FRENCH ARMY.

(By the Associated Press.)

Paris, July 10.—The plan for the reorganization of France's army of 600,000 men was distributed among the members of parliament today by Colonel Gene Fabry, reporter for the chamber army commission. It contemplates a modernized force based on the lessons of the great war, with serious attention to new developments in aviation and war materials. Aviation and gas, the report says are menaces of the future. Germany, by force of circumstances, must seek her field of action in the air; therefore, France must be strong there.

COMPERS ATTACKS COAL REPORT

Washington, July 10.—Labor organizations find substantial reasons for dissatisfaction with the report on the anthracite industry just completed by the coal commission, Samuel Gompers, president of the American Federation of Labor, declared today in a statement. The commission's recommendations, he said, contain "real penalties for miners, but phantom penalties for mine operators," particularly in that they are aimed at making strikes in the industry impossible, because they contemplate "compulsory labor."

SAIL, MEN WILL VOTE ON WAR TIME PAY SCHEDULES

Chicago, July 10. — A return of the war time wages of the Order of Railway Conductors and Brotherhood of Railroad Trainmen will be suggested to the rank and file of the two railroad organizations as the result of action taken today by the Western Association of General Chairmen which closed its executive session here.

LEVIATHAN ENDS INITIAL CROSSING

Averages 23.65 Knots Per Hour; Steady as Rock, Declares Albert D. Lasker

(By the Associated Press.)

Southampton, July 10. — The American liner Leviathan completed her first trans-Atlantic voyage as a passenger ship under the American flag when she arrived here at 10 o'clock tonight. Her speed averaged 23.65 knots an hour. The mayor of Southampton boarded her and was received by Albert D. Lasker, former chairman of the United States shipping board.

The big liner brought 3,000 passengers and crew safely into the quiet waters of Southampton harbor and dropped anchor a few hundred yards from where the Pilgrim fathers set sail for America three centuries ago.

Steady as Rock.

The voyage was a complete success in every way both to the passengers and officials of the shipping board who expressed their delight to newspaper men who boarded here. Throughout the trip the giant ship was as steady as a rock, the reporters were told by Mr. Lasker.

Up until midnight, two hours after her arrival, no British law officer had boarded the big ship to serve summonses upon supposed deserters from British ships who were reported to be among the crew. Mr. Lasker said that if there were any English deserters aboard he knew nothing of it.

The Cunard line is said to have obtained summonses against 36 alleged deserters said to be among the Leviathan's crew. It is understood the White Star line contemplates similar action as preferable to obtaining warrants of arrest which might create undesirable commotion.

THROW STONES AT DAYLIGHT [illegible]

Brockton Shoe Strike Sympathizers Gather at Factories at Closing Time

Brocton, Mass., July 10.—Stones, flower pots and shovels were thrown at the dozen mounted officers and 50 patrolmen who were attempting to move a crowd of more than 1,000 strike sympathizers from the vicinity of factories of the Diamond Shoe company and the W. L. Douglas Shoe company, at closing time this afternoon.

Mounted officers and patrolmen were forced to wield their clubs in dispersing the crowd among whom there were many women and children. Several officers were hit by the missles, some of which came from the upper stories of houses. Several arrests were made.

Electric cars carrying workers from factories in the Montello section, were stoned, forcing the police to guard them while passing through the district.

PLANS TO BLOCK FORD.

New York, July 10.—Charles D. Hilles, Republican national committeeman from New York, announced today he had started an active campaign to block the nomination of Henry Ford for President, by either of the major political parties. Mr. Hilles said that he had directed that copies of a statement in which he denounced Mr. Ford as a possible candidate, be sent to every member of both the Republican and Democratic national committees, to every member of the senate and house of representatives and to every Republican state chairman. The New York committeeman said that he had received letters from every state in the union endorsing his views concerning Mr. Ford's candidacy.

TEACHERS GET SCHOLARSHIPS.

New York, July 10. — Fifteen teachers from various sections of the country have been awarded scholarships to colleges where health education is part of the curricula, it was announced today by the American Child Health association. The association sends teachers each year to summer courses in schools teaching health science. Among those receiving award were: Miss Mary Dugan, Fishkill; Miss Ellie Knowlton, Binghamton, and Miss Mary Moriarty, New York city.

THREE GIRLS, TWO 9, ONE 11, DROWN WHILE BATHING

Easton, Pa., July 10. — Three girls, two nine years old and one 11, were drowned today while bathing in Bushkill creek. Just how the drowning occurred could not be learned as the children who witnessed it were too excited to tell a clear story. It is believed, however, that one of the girls got into a hole and pulled the others with her.

PASSENGERS ON U. S. VESSELS DRINK LIQUOR

Washington Indicates That it Has No Jurisdiction Over Private Stocks Consumed Aboard Ships at Sea

RULING TEMPORARY

Positive Action Expected, Probably From Department of Justice, on This Perplexing Problem

Washington, July 10.—Reports of consumption of private liquor stocks by passengers aboard government owned ships have been brought before the shipping board on the question of its jurisdiction in the matter, with the resulting decision that its authority, as exercised through the ship's captain, does not run to the extent which would permit any interference with the passengers' actions.

It was indicated, however, that this decision might only be temporary and that steps would be taken to obtain a positive ruling on the question, probably from the department of justice.

Regulations promulgated by Chairman Lasker last October, requiring "dry operations," of government passenger and cargo ships will be enforced as heretofore, it was announced officially, but spokesmen for the board were emphatic in their opinion that at present nothing could be done to curb the passengers defying the Volstead act.

Blair Issues Instructions.

Under another decision dealing with ship liquor, announced today by Commissioner Blair of the internal revenue bureau, forfeiture proceedings will be undertaken by the department of justice against contraband liquor. Such suits, however, would not be directed at ships or commanders brining liquors into American territorial waters.

Commissioner Blair's order will allow customs agents to continue their work of search and seizure but all legal questions will be handled by the attorney general.

Instructions were sent to federal prohibition directors and other enforcement officers by Commissioner [illegible] advising them that the liquors in their custody should be returned to collectors of customs at the port at which they were seized. The previous procedure had been to turn over seized liquors to state prohibition directors for disposal under the Volstead act.

I. C. C. ORDERS INQUIRY INTO HARD COAL RATES

Washington, July 10.—Acting upon a recommendation of the coal commission, the Interstate Commerce commission today ordered a general investigation of all rates for transportation of anthracite in the United States and into foreign commerce.

A paragraph of the recent coal commission's report on the anthracite industry declared that rates on anthracite apparently constituted a very large proportion of the consumers' cost of the commodity. The levels of such rates was said to be possibly too high to be justifiable and the Interstate Commerce commission was asked to look into the subject.

Complying with the recommendation, the commission today served notice on all common carriers that it would seek evidence on the subject, taking up rates on cargo and bunker coal at ocean ports, and rates on boat lines over the Great Lakes. Time and places for hearings will be fixed later.

NO COCAINE SEIZURE ON BORDER BY CUSTOM MEN

Rouses Point, July 10. — Customs authorities here tonight denied they had seized trucks containing cocaine packed in alcohol lamps, as reported today from Montreal. Not only had no cocaine seizure been made today, the authorities added, but none has been made within the past three weeks.

The authorities denied all knowledge of the trunks, supposed to be en route to New York from Europe via Canada with $50,000 worth of cocaine, and which were said to have been seized by American customs officials at this station.

LEHIGH VALLEY SHOPMEN VOTE ON ENDING STRIKE

Sayre, Pa., July 10.—A referendum vote as to whether striking Lehigh Valley shopmen, out since July 1, 1922, will accept terms to conclude the existing strike will be taken during the week at different times. At Sayre the balloting will take place Saturday night. The vote taken at each point on the Lehigh system will be sealed when completed and brought here to be tabulated.

Officials of both the shopcraft committee and the railroad company today refused to divulge the nature of the terms to be submitted to the men.

FIELDS QUICKLY SPRAYED.

Corpus Christi, Texas, July 10. — Fifteen cents an acre is what a commercial aviator charged to distribute poison over cotton fields yesterday and the plan required only three hours to dust the 640 acre field. The farmer who employed the aviator said it would have taken more than three days to dust the cotton in the ordinary way.

FARMERS AND RAIL MEN HOLD CONFAB

Discuss Problems of Transporting Food Supplies, Especially at Harvest Time

Syracuse, July 10.—High officials of every important railroad in the east conferred in this city today with farm leaders of New York state on plans for moving farm products, expeditiously, especially at harvest. The meeting was arranged by Enos Lee, president of the New York State Farm bureau federation, who presided.

An entire day was taken up in discussing problems both railroads and farmers must meet to overcome congestion and lost in shipping food to cities. Leaders of both sides expressed confidence that the gathering will mark the beginning of a joint movement of tremendous value in overcoming food shipping problems.

Economy Expected.

Vice presidents representing the New York Central, Erie and Lackawanna railroads, and other high operating officials were present from the Lehigh, Pennsylvania, Long Island, Ontario and Western, Delaware and Hudson and other important trunk line carriers.

Railroad and farm officials expressed belief following the all-day session that thousands of dollars will be saved as a result of the cooperation between shippers and roads promised as a result of the conference.

NAVY BALLOONISTS HAD NO PARACHUTE

Log of Craft Found; Evidence Shows Men Endeavoring to Get Down Quickly

Cleveland, July 10.—The navy balloon piloted in the National Elimination Balloon race out of Indianapolis July 4 by Lieutenant Lewis J. Roth with Lieutenant T. S. Null as his aide, evidently dropped into Lake Erie late Thursday night or early Friday.

Lieutenant James H. Strong, U. S. N., who went to Port Stanley today and shipped the wrecked balloon and its basket, which with the body of Lieutenant Roth were recovered from the lake, to the naval air station at Lakehurst, N. J., said on his return tonight that he came into possession of a journal giving an account of the flight. The last entry was made at 11 o'clock Thursday night. It showed that the balloon was flying at an altitude of 12,000 feet.

Carried No Parachute.

Examination of the bag showed that a rip panel had been pulled, Lieutenant Strong said. This would indicate, he said, that the airmen were making a forced landing, or were trying to reach a lower altitude. An inventory also found showed no parachute was carried.

An entry in the journal showed that several shots were fired at the bag as it flew over Indiana. The body of Lieutenant Roth will be taken to Cedar Rapids, Iowa, tomorrow, for burial.

BRYAN APPEALS TO GEORGIA TO RETAIN DRY LAW STATUTE

Atlanta, Ga., July 10.—William J. Bryan today addressed the Georgia house of representatives, making a plea for the retention of the state prohibition law and for the prohibiting of the teaching of Darwinism as a fact. The house has before it a bill to repeal the state prohibition act and the temperance committee is to consider the bill tomorrow.

"I believe in state rights," said Mr. Bryan, "and they must be preserved, but they cannot be preserved by making them a sham or a pretense for covering the liquor traffic. Your state has the right to assist in the enforcement of the prohibition law and if it does not do so, it invites the national authorities to come in and do it."

CONGRESSMAN MOTT DIES

Oswego, July 10. — Congressman Luther W. Mott, of Oswego, died at his home here today.

Mr. Mott, who was 49 years of age, had represented the thirty-second New York congressional district since 1910 and was chairman of the New York Republican delegation in the house.

Lieut. Null

Lieutenant Telford D. Null, able to Rock. Little hope is held for him, although he is believed to have put on a life preserver before leaving the balloon basket.

JUNEAU GREETS HARDING AMID RAIN AND FOG

Presidential Party Encounters First Unpleasant Weather of Trip; People Out in Numbers, However

HELP PROMISED

President Says Government Will Aid Those Who Are Now Children More Than Parents in Past

(By the Associated Press.)

Juneau, Alaska, July 10.—Greeted by the presidential salute of 21 guns from Chilkoot barracks, President Harding, Mrs. Harding and members of their party landed here today to spend the day as guests of Governor Scott C. Bone and territorial and city officials. The ideal weather which attended the Alaskan trip gave way to rain and fog here, but the townspeople, paying no attention, gathered on the wharf in the business section to give the party a hearty welcome.

The party was driven through the town to the governor's mansion, escorted by troops from Chilkoot barracks, a company of marines from the Henderson, and veterans of the World war. A large crowd gathered about the mansion and, despite the rain, cheered loudly when the President and Governor Bone appeared.

Country Impresses Executive.

Governor Bone introduced the President who declared that "we were greatly impressed by the scenery of Alaska during the first part of our trip. Sturdy, majestic, stalwart and immovable are truly the only words which describe this wonderful land of ours. I am proud of you, citizens of the United States. It is good to know of Alaska and it is our purpose to know you better and have you know our government better."

He was greeted with great applause when he declared that he knew the government would "help those who are now children more than it has helped their parents."

At the conclusion of the [illegible] address, President [illegible] held a public reception, shaking hands with the hundreds who [illegible]

Indians formed a considerable part of the group.

May Retain Henderson.

Washington, July, 10.—The last in of the President's long Alaskan tour —from San Diego, Cal., to New York, may be made aboard the transport Henderson instead of a shipping board vessel as originally planned. The navy department has learned that the President is considering such a proposal and Secretary Denby has decided that the Henderson will be available for the trip if her use is finally decided upon.

NEW PROBE AT MALONE.

Malone, July 10.—An investigator, said to represent a federal department at Washington, today conducted an independent inquiry into charges contained in warrants, that prohibition enforcement agents here were responsible for the shooting of Miss Bell Baker of Fulton, a week ago when on her way to the Baker camp in the Adirondacks. All officers concerned in the shooting and others in the enforcement service here were questioned. Facts of the shooting, as gathered by the accused officers, will not be made known until they are examined on a charge of assault, second degree.

POWDER EXPLOSION KILLS 8; INJURES 26

Employes Removing Powder From Cartridges When Blast Occurs; Others May Die

(By the Associated Press)

Alton, Ill., July 10. — Eight persons were killed and 26 injured in an explosion this afternoon in the metallic shell department of the Western Cartridge company's plant at East Alton.

Three of the dead are women. They are Mrs. Mittie Warren, Alton, mother of 10 children; Miss Emma, Gorman of Alton and an unidentified employe.

Three of those injured, it is feared, will die while several others are said to be in a serious condition. In addition to the 16 reported seriously hurt, 10 other employes were said to have been injured slightly.

The cause of the explosion could not be ascertained. It occurred in a fire proof structure in which about 50 employes, mostly women, were extracting powder from cartridges.

Fire followed the explosion, but was soon extinguished. Today's explosion was said to have been the worst that ever occurred at the plant.

MAUGHAN'S PLANE REPAIRED

St. Joseph, Mo., July 10.—Lieutenant Russell L. Maughan's pursuit plane in which he was forced to land near here yesterday in his dash-to-dusk cross continent flight was repaired today. Mechanics flew from the pasture, also miles from the spot, scene of yesterday's landing, to the municipal flying field here to take on gasoline. He will hop off for Mitchell field, N. Y., early tomorrow, if conditions are favorable.

HOBART HAPPENINGS.

Large Attendance at Barn Dance Given by John Sharpe for Firemen.

Hobart, July 10.—There was an attendance of over five hundred at the barn dance given at John Sharpe's Monday evening. About 250 dance tickets were sold. This was given as a benefit to Stamford, Hobart and and South Kortright hose companies, who were called out at the time Mr. Sharpe's barn burned last fall. Stamford brought their large chemical engine and after expenses are met they will receive 70 per cent and Hobart and South Kortright the remaining 30 per cent. This speaks well for Mr. and Mrs. Sharpe's public spirit and fairness of mind.

COLLIER'S STRAW VOTE

Collier's, the national weekly, gives in its issue for this week the figures of its recent straw vote for the presidential nominations, which for the past three months that paper has been making. The final figures, as now tabulated, show that in all 259,-246 votes were cast, and that of this number 81,845, which is over a third of them, are for Henry Ford. Next in line is Harding, with 51,[illegible] votes; and there are five others—Hughes, Cox, Johnson, McAdoo and Smith, whose figures are between 16,000 and 20,000. Other runners-up are Hoover, Borah, Davis, LaFollette, Underwood and Wood, and there are 24 others who have votes ranging from 2,000 down to one.

The above figures are interesting, but they are by no means conclusive. In the first place much depends in any such vote on the class of readers making up the subscription list. For example, straw votes on presidential candidates would be quite different if taken by the New York Tribune than if by the New York American, or if by the Atlantic Monthly instead of the Nation. So when the tally is taken, its significance must be reckoned in the light of the class of readers of the journal making it, and, it is not amiss to add, of the extent to which is represents the various sections of the country.

For a second thing, the decision at the polls will depend on the way in which the voters now in favor of candidates lower down cast their ballots; whether, for example, they can be built up in favor of present leading candidates. As for the Republicans, indications are that Harding will be renominated without serious opposition, and it is fair to assume that votes standing now for Wood, Hoover, Hughes, and so on, would in the end be given for him. Whether the Democratic vote for such men as McAdoo, Underwood, Johnson and Cox would follow the present majority is not so certain. Also, it may be said that it would be interesting to know just what the political affiliations is of each of the men whose vote is recorded.

In the United States in 1920 there were 26,786,733 votes cast for president. There has, of course, been a considerable increase in population in three years, but taking the above figures it would appear that only one person in each hundred expressed his opinion in the Collier straw vote. In view of the limitations above referred to, it is doubtful that, like any other straw vote, it is not in any way conclusive.

Aids in Cattle Judging.

Professor Crandall from Cornell university has been in the county aiding the county club agent of agricultural projects with training Junior Calf club members in cattle judging. Meetings were held last week at Springfield Center, West Exeter, Unadilla and Worcester. Monday and Tuesday, meetings were held at Milford and Morris.

Professor Crandall arrived Thursday evening and goes to Syracuse for a committee meeting of the National Dairy show this, Wednesday, morning. Otsego county boys and girls have shown much progress in judging and are now telling their dads what to look for when buying cows. County breeders are cooperating by allowing the use of their cattle for judging purposes.

Jersey City Boy Injured at Hobart.

Falling from a wagon on which he was riding with some boy friends near Hobart, Conrad Patterson, a five-year-old lad of Jersey City, sustained a fracture of the left femur Saturday. He was brought immediately to the Parshall hospital by Dr. Woodruff, who, with Dr. Latcher, attended to the injury.

Conrad, with his father, P. R. Patterson, were spending a short time at Hobart. The little patient is recovering very nicely.

THE GUIDE POST—
BY HENRY VAN DYKE

MARRY YOUNG

As arrows in the hand of a mighty man, so are the children of youth.—Psalm 127:4.

Modern life (which we call civilized) is against early marriage and large families.

But there is much to be said for the other side, and the psalmist says it well.

He says that religion is the only sure foundation of a family; and then he throws on the picture of a father with his loyal and stalwart children about him.

"Children of youth," he calls them: spanning thereby to give a strong and emphatic commendation to early marriage, and to teach that it is a great privilege for a man to have his children grow up and come to maturity in his own house, under his own guidance.

[illegible] can have the joy of seeing [illegible] established in life before he [illegible], but their strength will be a [illegible] and stay to him in his declining years.

[illegible] up like arrows in his [illegible] can direct on [illegible] into the world.

[illegible] are heavy and a pro[illegible] [illegible] he should not be [illegible] by enemies, with his [illegible] [illegible] through the [illegible] of the city.

SWINDLING THE PUBLIC

Solicitors of War Magazine Apprehended Yesterday by Montgomeries—American Legion Fighting to Stop the Practice.

Louis Edelstein of White Plains was apprehended yesterday by Chief Horton for misrepresentation in the sale of a service man's magazine and was told to leave town with dispatch or run the risk of being fined heavily for his offense. Edelstein, attired in portions of an army uniform, was representing that the proceeds from the sale of the magazine were to go for the aid of disabled veterans of the World war. An American Legion member whom he approached happened to know that the publisher of the magazine is now under fire in New York city for fraud and misrepresentation and that not a cent from the sale of the magazine goes for the relief of anyone but the salesman and publisher. He notified Chief Horton and the arrest was made.

The sale of these magazines, worthless from standpoint of content, has been a source of trouble to the American Legion and to other veterans' organizations for some time. Playing upon the natural sympathy of the public for victims of the war, the publishers have reaped a considerable harvest. The public has been mulcted in so many instances that it has become difficult at times to raise money for legitimate relief. The New York Tribune has aided the Legion in its fight upon these leeches and has exposed the methods of many of the publishers, including the man who issues the magazine peddled about the streets yesterday.

American Legion officials ask that persons, before buying magazines or contributing to veterans' relief of any sort, ascertain that the solicitor has proper credentials. An army discharge is not sufficient; the solicitor should have a card from the Chamber of Commerce. Proper aid for the disabled veteran is being hampered by the activities of these swindlers and the American Legion is making an effort to stamp out the practice.

"Y" BOYS ORGANIZED

Divided Into Three Tribes—Fishing Trip Friday—Ball Game Saturday.

Under the leadership of Gaylord Smith the younger boys of the local Y. M. C. A., have organized into three tribes, each tribe being headed by a chief and a scribe and given some Indian name.

Tribe one elected for its chief, Henry Becker and for its scribe, Richard Haveurd; tribe two elected Florian Shannon and Mathew Haskins, and tribe three elected Clifford Mullins and Robert Simmons. The Tribes are named Mohicans, Fish and Mohawk respectively.

Friday morning at 8 o'clock the Fish tribe will meet at the Spruce street bridge of Wilber park and go on an all day fishing trip. Members of the tribe should come provided with food enough to last them through the day. Saturday the Mohawks will oppose the Fish tribe in a baseball game at Wilber park.

Throughout the rest of the summer, Thursday nights from 7 to 9:30 will be radio night at the Y. M. C. A. On these nights the association apparatus will be tuned in with the best programms of the surrounding country.

Annual Affair to be Held at Ideal Park, Endicott, on August 11.

The D. & H. Veterans' association will hold its annual reunion and field day at Ideal park, Endicott, on August 11, it was decided at a recent meeting in Oneonta of the executive committee of the organization. The park authorities have arranged to give the veterans full use of every facility and a very successful outing is anticipated.

A ball game, field sports and luncheon in the E-J diner are some of the events planned for the day. Special trains will be run from Albany and Wilkes-Barre and it is expected that from 700 to 800 members of the association will be in attendance. The first reunion was held at Cooperstown last year and was a very successful affair notwithstanding the small attendance. The membership has been doubled since that time and a very large attendance is expected on August 11.

P. H. C. Picnic at Davenport Center.

All members of P. H. C. who are going to the picnic at Mary Talmage's at Davenport Center Friday evening please notify Mae Westfall or Alice Linacre not later than Thursday afternoon. Supper at 6 o'clock. Bring covered dish and sandwiches and dishes for your own family.

Back From Pacific Coast.

Dr. Arthur H. Brownell, who accompanied by his wife, had been in San Francisco attending the annual meeting of the American Medical association, returned home yesterday after a very delightful month's trip. During their absence he not only attended the meeting of the association but visited many points of interest, including the Yosemite Valley, and on their way home, which was by water from San Francisco to Portland, they stopped at Banf and Lake Louise and other sight-seeing spots on the Canadian Pacific. Many former Oneontans were met on the trip, among them Reuben Reynolds and Norman L. Jones at Long Beach, and Dr. Harry G. Richardson.

Miss Rosanna Bagg of the Huntington Memorial library, who accompanied Dr. and Mrs. Brownell on their trip, stopped enroute at her home in Utica, where she will remain until the week-end.

HEALTH FOR WORKING WOMEN

Let Lydia E. Pinkham's Vegetable Compound Help You to Become Well.

Thousands of girls have to work in homes, offices, stores, mills or factories who are physically unfit for work, with often an aged or invalid father or mother dependent upon them for support. Standing all day week in and week out, or sitting in cramped positions a girl often contracts some deranged condition of her organic system which calls a halt to her progress and demands restoration to health before she can be of use to herself or anyone else.

For those distressing weaknesses and derangements these girls have found health to do their work in Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N. Y.—"Like many girls, I had trouble every month," says Carolyne Mangels, "and they interfered with my work so I could never be sure of my time. My mother often suggested that I take Lydia E. Pinkham's Vegetable Compound, but I never did until lately. I have had very good results, and am now a private secretary and do my work without missing a day. I recommend your medicine to every girl who speaks of having troubles like I have had."—CAROLYNE MANGELS, 697 16th St., Brooklyn, N.Y.

Office Worker Helped

Milwaukee, Wis.—"I have taken Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine for three and a half years, and they have improved my health wonderfully. My mother also has taken the Vegetable Compound and we recommend it to our friends. I am working in an office now and can always do my work as I do not have the troubles I had at first. I read of your Vegetable Compound in the newspaper and you may use my letter in that way if you wish to do so."—ELEANOR STUEBLER, 887 30th St., Milwaukee, Wis.

Pains and Headache

Webster, Mass.—"I was all run-down, had a bad complexion, and suffered with pains and headaches, and was dizzy at times and felt weak. I worked in a mill and my girl chum told me about your wonderful medicine, Lydia E. Pinkham's Vegetable Compound. I am feeling much better since taking it."—MARY PLAZA, 28 West Street, Webster, Mass.

FRIDAY, THE THIRTEENTH

Bargain Day Originated in Oneonta to be Celebrated With Exceptional Bargains.

On Friday, the thirteenth of July, the merchants of Oneonta will cooperate in a bargain trade day which promises to be one of the best held this year. Friday, the thirteenth, is a trade day which originated in Oneonta, and the merchants of this city have a particular pride in that enterprise. Hence unusual bargains are offered that a large number of residents of the purchasing radius of Oneonta will join in the affair and carry home a lasting remembrance of the values offered here.

Promotion advertisements which have already appeared in The Star have aroused considerable interest, and a sizable crowd is expected, including sizable delegations from all of the surrounding villages.

Certain it is that no one will come to Oneonta and feel that big bargains have not been offered in all lines of merchandise. A dozen and more firms have already planned their offerings and still more will undoubtedly arrange suitable offerings for the day.

WILBER WILL HEARING.

Trial on Action for Construction and Accounting Will Start July 22.

The hearing in the action brought by the Wilber National bank, as executor and trustee, asking for an accounting and construction of the will of the late George I. Wilber, was resumed before Surrogate Sheldon H. Close in chambers here yesterday morning. After some discussion and various legal formalities the hearing was adjourned until July 22 at 2 p. m., at which time the trial of the action will be commenced.

The attorneys for the bank and for various parties interested in the will show an inclination to have the action proceed as rapidly as possible and probably not more than two days will be consumed in getting the necessary evidence into record. It is probable that the construction of the instrument will be attended to before matters in connection with the accounting are brought up.

SUMMER SCHOOL NOTES.

Talk on the Value of Phonographs in Rural Schools—Baseball Practice.

Mrs. Shepard, a traveling representative of the Victor company, gave an exceptionally interesting talk on the use of the phonograph in rural schools at the regular chapel exercises of the Normal school yesterday morning. Demonstrating her points as she progressed by playing records upon the machine, she impressed upon all those present the value of such training to young children. One of the biggest objects of such instruction, as Mrs. Shepard showed, is to instill an appreciation for good music into the minds of young pupils.

No further progress is reported in the organization of the orchestra, but it is hoped that the next few days will see such a body holding regular rehearsals. The baseball team held a short practice yesterday and some good material was brought to light, but no definite arrangements as to games were considered.

ONEONTA WATER WORKS

Transfer Made Yesterday Afternoon—Bonds Issued Against Property Delivered.

At a meeting of the directors of the Oneonta Water Works company yesterday afternoon — the last meeting, by the way, which it will ever hold for the purpose of transacting business as officials in charge the final steps were taken in connection with the transfer of the plant to the city. A check amounting to $291,250 was in accordance with the will of the late George I. Wilber given by the Wilber National bank as executor to the city of Oneonta, and the city itself through Chamberlain Bowdish gave a check for $500,000 to the directors of the water company, formally completing the transfer. It was without question the largest single financial matter in which the city ever engaged, and it marks the completion of a transaction which makes the municipality sole owner of its water system. It was such a result as had been long desired, and which was finally made possible by the far-seeing generosity of Mr. Wilber.

At the meeting yesterday the company was represented by Walter L. Brown, A. B. Tobey, E. E. Ford and D. A. Diefendorf, directors, and Alva Seybolt, Esq., as attorney; the city by Charles H. Bowdish, chamberlain, and Owen C. Becker, Esq., counselor to the city. The matter proceeded without a hitch and at 1 p. m. the checks were passed and the transfer formally completed.

The additional sum above the Wilber bequest needed for the acquisition of the system was secured by the sale of bonds of the city to the amount of $217,000. These bonds bear 4½ per cent interest and on sale brought a sum sufficient to pay the cost of outstanding water stock and the expenses connected with the transfer to the city. This was no inconsiderable matter, since it included among other things three special legislative acts the obtaining of consents from the stockholders of the company, the preparation of the bonds, which were formally approved by Clay & Dillon of New York, authorities on bond issues, before they were offered for sale. As result of this formal approval before the bonds were offered, there was no delay in acceptance, and the bonds, which were received from the printers on Saturday, were accepted and paid for on Tuesday. For this work, successfully carried out, much credit is due to Mr. Becker, as special counsel, who represented and acted for the city throughout the transaction from beginning to end. In connection with the passing of the deed of the realty of the company it may be stated that it covers 20 typewritten pages and embraces a description of 28 parcels of land.

At a recent meeting of the water board, appointments for the various positions in connection with the system were made. They will not be given out, however, until the city council has approved them, which will doubtless be at the meeting next Tuesday evening.

The bond issue is so arranged that a given sum is paid annually and the whole will be extinguished at the end of 20 years. While the statement cannot be definitely made, there is belief that the whole debt will be extinguished from the earnings of the water works. A recent estimate is that the replacement value of the system is not less than one million dollars. While greatest credit is, of course, due to the far-sighted generosity of Mr. Wilber, it should be said that the minority stockholders have also acted generously and with public spirit, surrendering their property at a figure much below its estimated value in order that their home city might realize its dream of a self-owned water system.

The Water Works company, which the city administration now supersedes, was organized in 1882. It has a distributing reservoir of ten acres' extent and 25,000,000 gallons capacity, and a storage reservoir covering 75 acres and with a capacity of half a billion gallons. There is also one of the finest filtration plants, and one of the most modern, in the country, and its pipes cover practically every developed street in the city.

The Devil Take the Hindmost.

The game of today seems to be "Everyone for himself and the devil take the hindmost." It's do as little as you can; get all you can and spend all you can. Well, there's a long, rainy day coming and you are going to hear a lot of wailing and gnashing of teeth, from the chumps who won't see, care or think how I am safely rolling small amounts up to over five million dollars for little fellers. Better wake up and send me $11 in July and $10 each month thereafter and I'll safely roll it, at six per cent compound interest and hand each of you $2,000.00 when the rainy day comes. I could tell you a lot more, but haven't time. Good day. I'm the safe and sane Oneonta Building and Loan association.

OUR PARKING REGULATIONS

Thirty Minutes Again Allowed on Main Street, Following Protest by Merchants' Association—Police Department Sadly Handicapped, Says Seybolt.

Arthur Seybolt, chairman of the city police commission, after a conference with the merchants of Oneonta, assembled at a special meeting of the Merchants' association to consider possible resolutions regarding the recent instructions of the common council to the police commission to prevent parking on Main street between Chestnut street and Ford avenue during the hours of 10 a. m. to 6 p. m., issued orders to Chief Horton, who was also at the meeting, to the effect that all signs prohibiting parking on the mentioned portion of Main street be removed, and that the resolution passed by the common council causing the posting of the signs be held for consideration following the next meeting of the council. The action was taken because it appeared that in the face of such strenuous objection by men who occupy the stores along the section where parking was prohibited would probably result in the reconsideration of the matter by the council.

So now the only parking regulations which prevail in Oneonta are those absolutely necessary to the safety of the public, as near fire hydrants, in front of the fire station, in front of theatres, and near street intersections, and the regulation which limits parking to thirty minutes, an ordinance which has always been enforced with least possible inconvenience to the pubblic, and still to put an end to the leaving of cars on the much used business streets, for half days and even longer.

The situation was explained as follows, yesterday, by Mr. Seybolt:

"The resolution of the council instructing the police commission to prevent further parking of cars on Main street between Chestnut street and Ford avenue during the hours of 10 a. m. and 6 p. m., seems to have aroused considerable sentiment against the enactment of an ordinance which would accomplish this, so that the police commission is going to suspend the enforcement of the order until after the next regular meeting of the common council, at which time it appears that some action will probably be taken by that body.

"The traffic question in Oneonta has been growing more and more complicated in a surprising manner, in fact it has been so far ahead of the best efforts of the police department that we have simply been overwhelmed. There are only eight officers in the employ of the department, which is a considerably less number than is necessary for efficient work, in the prevention of crime, the regulation of traffic, and the apprehension of criminals.

"The common council, recognizing the insufficiency, recently appropriated $600 from the general fund toward securing of two additional men for the three summer months. We are unable to find men who will work for the wages which are provided in this sum, and indeed, the police commission would have great difficulty in preparing these men for service. It would be utterly impossible for us to pay any additional wages from the funds of that department.

"The police department made every effort toward the enforcement of the thirty minute parking ordinance, but was unequal to the task. It would be much easier to enforce a 'no parking' ordinance and so the police commissioners were glad of the opportunity given by the council to get an expression of sentiment on such a regulation.

"Traffic regulation is absolutely necessary in Oneonta, still with a sufficient force of the best class of men, traffic can be easily taken care of, with no hardship to anyone, and without neglecting the other work of the police department.

"I confidently expect that the common council will rescind their order to us at their next meeting, since this test has shown how the business men of Oneonta feel about a 'no parking' restriction."

Merchants' Association Meeting.

The meeting of the Merchants' association was held in the Chamber of Commerce offices at 9:30 o'clock yesterday morning and was presided over by President Lynn Bresee. After explaining the object of the meeting, Mr. Bresee called for expressions from the members, and a lively discussion, which clearly showed that the association was strongly opposed to the order, followed.

Frank Herrieff was the first speaker and he stated that he was opposed, as he believed were his fellow members, to the regulation, and said that he believed that people would hesitate to come to Oneonta, and that others would drive right through our city, were the ordinance prohibiting parking enforced.

Elliot Spencer and George Winans followed as speakers, asking why regulations as strict as those proposed were necessary. Each remarked that no regulations should be given as widespread publicity as those that were not to be rigidly enforced, and continuing in the conviction that were such an ordinance to be enacted, it would not be long before Oneonta would be shunned by auto drivers.

A motion was made that the Mayor, the chairman of the police commission, and the chief of police be invited to the meeting for a conference, but as Mayor Miller was out of the city, Arthur Seybolt and Chief Horton were the men who were able to attend.

Mr. Seybolt spoke of the handicap of the police commission, and gave

BUSINESS WOMAN'S CLUB.

Picnic Yesterday—To Camp on Goodyear Lake for Two Weeks.

About 25 members of the Business Woman's club enjoyed a steak roast in Wilber park last evening. The supper was a roasting success from start to finish, the finish being generous portions of watermelon.

Starting next week Monday this club will rent the Ackley camp on Goodyear lake for a period of two weeks. Last year the organization took the Butterfield camp for one week, but the increased size of the club combined with the popularity of such an outing has made it necessary this year to take a larger camp for a double period.

Some of the young ladies will commute back and forth from the city, occupying the camp at night only, and others will arrange to be there at different times for short periods of two or three days. So many of the club members have indicated their desire to stay at the camp that already the house has been filled to its capacity for many of the fourteen days. The Misses Helena Hustber and Margaret Dunsmore are in charge of the distribution of camping periods.

This club now has a membership of about 50 young women who are engaged in various business activities in the city.

The exceedingly smart straightline ... frocette of this new frock in brown crepe brilliante is emphasized by the three-tier ... of the skirt, and the novel trimming at the left from waist to hem. This is a full circle godet of beige crepe. The dainty ruffs, collar and front of dress are trimmed in fine, multi-colored soutache, and three delicate rows of shirred ecru net.

Here we see the vogue of "smart simplicity," most brilliantly expressed in a youthful frock of navy satin-faced Canton. Quaintly embroidered bandings in white, gray, and red at hem in front and back, and red panel at left, trade a note of refreshing contrast. Collars and cuffs are of fine lace—Venetian and Valenciennes. Cuff, and top of skirt, too, are candle pleated. After Paquin.

WEBER PARK DIFFICULTIES

Rats Exterminated and Smouldering Fires Were Extinguished Yesterday by City Fire Department.

For some time there had been an ever increasing number of large rats causing considerable nuisance in Weber park, and smouldering fires, though buried fairly deep under ashes and dirt, had been causing foul odors in the park and even in the immediate vicinity. But the process of poisoning the rats has been carried practically to completion and yesterday the city fire department spent nearly six hours putting out the fires which caused such an objectionable condition.

Anxiety has been felt for some time by the park commission regarding these objectionable features of the park, and particularly at this time as Chautauqua week is nearly here. The rats seemed to be thickest and the odors of the fires the worse on the north side of the roadway which runs to the plateau from Spruce street and past the site of the Chautauqua tents.

It was nearly a month ago that the war on the rats was opened and the victory is completed. Fire Chief Choate, who was directing his department in their labors yesterday, said that in all the time he was in the park, nearly six hours, and right where the rats were thickest, in fact the department used the water several time to good advantage in driving some of them out of the banks, he had seen not more than a dozen of the rodents. So there will be no further difficulties caused by them.

It had been expected for some time that the fires, which had little opportunity to continue, would burn out, but yesterday it seemed that it was best to take no chances so the fire department was called to remove the cause of the disturbance.

Chief Choate, and two of the other firemen, J. Nelson Gardner and John Thayer, spent nearly six hours yesterday, uncovering the fires and extinguishing the last trace of the trouble. The Reo Fire truck was run down beside the creek and used to pump the water. All went well in the forenoon and a good head of water was kept in action, but in the afternoon there was not sufficient water in the creek, and stops were necessary to allow water to collect.

Now that these two difficulties, though comparatively small, have been overcome, the park is in the best of condition, for daily use, for the County picnic, and for the Chautauqua.

Mrs. George J. Clute of 123 Spruce street, who underwent an operation on June 19, returned to her home Monday.

Miss Gladys Alt of Richmondville was brought to the hospital Monday by Dr. Bruce. She was immediately operated on for appendicitis. Her condition is favorable.

Harry Schatzky, son of Mr. and Mrs. Jacob Schatzky of 52 Academy street, was operated upon by Dr. Latcher, assisted by Doctors Getman and Smith, for relief from hernia. He is resting comfortably.

A beautiful gift of flowers for the rooms of the hospital was received from Mrs. Wilbur A. Horton in memory of her sister, Mrs. Charles Davis. This appropriate gift was greatly appreciated by both the patients and hospital staff.

Everett B. Holmes, Esq., Attorney for Petitioner, Oneonta, N. Y.

MUCH RESPECTED RESIDENT

Thomas I. Bates of Oneonta Plains Mrs Tuesday After Brief Illness.

Many friends in Oneonta and throughout his native county of Otsego, where he was well known and much respected, will grieve to learn of the death of Thomas I. Bates, which occurred at noon on Tuesday, July 10, after only three days' illness of bronchial pneumonia at his home on lower River street. A man of strong physique, though of advanced years, his health had during the past few months been exceptionally good, and his sudden demise was unexpected alike by family and friends.

The funeral services will be held at his late home on Friday at 2 p. m. Rev. Dr. J. W. Flynn of the First Methodist church will officiate and interment will be in the family plot in the Plains cemetery.

Mr. Bates was born February 23, 1844, in the town of Middlefield, and was a son of Jonathan and Mary (Grover) Bates. Jonathan Bates, who was of colonial and Revolutionary ancestry, was a well known citizen of his township. A farmer by occupation, he loved best the open life of forest and stream. He was a personal friend of James Fenimore Cooper, with whom he fished and hunted, and it is stated that the latter used Mr. Bates as a character in one of his best novels. His son, Thomas I. Bates, was married 55 years ago to Emily M. Appleby. Soon after his marriage, the family moved to Michigan, where many years of his life was spent and where all their children were born. About 27 years ago, however, Mr. and Mrs. Bates returned to Otsego county, coming to the farm at the Plains which Jonathan Bates had long before purchased, and which has ever since been known as the Bates homestead.

The deceased is survived by three daughters—Mrs. C. L. Pruyn of Hollidaysburg, Pa., Mrs. L. Chiocarelli of Pontiac, Mich., and Miss Musa E. Bates, who has always resided at home, giving her father most devoted care. He leaves also two grandchildren, Frank Swailes of Brown City, Mich., and Kenneth E. Bates of Oneonta; and four brothers, Grover Bates of Vassar, Mich., Henry of Binghamton, Arthur of Watertown and Charles of Detroit, Mich. The wife of the deceased died less than two years ago.

Mr. Bates was a member of the Order of Maccabees and of the Oneonta grange. He was also an attendant on the services of the Methodist Episcopal church. A man of fine qualities of mind and heart, an industrious farmer, a good citizen, of exceptional intelligence, and with an excellent knowledge of times and events, he made and retained the warm regard of many friends. Best, however, he was loved in the household of which he was so long the head, and which is now deeply bereaved by his death. To the family in its loss the sympathy of all will be extended.

DEATHS.

Edward Bauif.

Edward Bauif passed away at 4 o'clock yesterday afternoon at the home of his daughter, Mrs. E. E. Farrell, 278 Chestnut street, from the effects of a stroke which he suffered about a week ago. Funeral services will be held at St. Mary's church on Friday at 10:30 a. m., Rev. Father William D. Noonan officiating. Interment will be made in Hillington cemetery, Morris.

The deceased was born in 1846 at Wayathe, Ireland, and was the son of Mr. and Mrs. Edward Bauif. He came to this country when but a year old. In 1872, at Norwich, he was united in marriage to Electa Jane Eldred. Surviving are a son, Andrew E. Bauif of Norwich; a daughter, Mrs. E. E. Farrell of this city, with whom he had resided for the past five years; one sister, Mrs. Mary McGarrity of Norwich; a brother, Patrick Bauif, also of Norwich; three grandchildren and three great-grandchildren. Another brother, Michael E. Bauif, died at his home near Morris on Friday last.

Mr. Bauif spent most of his life in the vicinity of Morris. He was a cheesemaker by profession and was widely known for his skill at that trade. Many friends will sincerely regret the passing of a good man.

Grandmother Given Custody of Child

Custody of two year old Victor Smimmo, a habeas corpus proceeding to regain possession of whom had been brought by the grandmother, Mrs. Phillura Holmes, of 5 Pine street, was awarded to Mrs. Holmes by Justice A. L. Kellogg at the close of the case in supreme court chambers here yesterday morning. Mr. and Mrs. Smimmo, the latter Mrs. Holmes' daughter, had not been living together for some time, and the child had been cared for by the grandmother. On June 27 Smimmo took the child from a carriage in front of the Holmes residence. The action was to regain possession of the infant. John G. Johnson was attorney for the plaintiff and George L. Beckes for the defendant.

Will Leave for Michigan.

Dr. and Mrs. Morton E. Brownell and family leave Saturday for a three weeks' sojourn in Michigan, where the former will undertake post-graduate work at the University of Michigan at Ann Arbor, and before their return they will visit Mrs. Brownell's parents at Sebewaing, that state.

figures on the expenses of the department which were most interesting. The budget of $15,000 is required to pay office expenses, to purchase meter equipment and care for its upkeep, to pay telephone bills of an average of $25 per month, to provide meals to tramps at a monthly expense of $30, figuring only a twenty-five cent meal, to pay the salary of the city judge, $1,200, and to pay eight officers, all with families.

Chief Horton spoke briefly, saying that it was the desire of the police department to enforce all of the laws and ordinances, and to enforce them justly, that no hardship might be worked on anyone, and still so that conditions in the city may be as near perfect as possible.

At the conclusion of the meeting the Merchants' association and the police commission seemed to be in full accord, seeing that it is impossible for a force as handicapped as is the one of this city, to properly care for its other work and care for traffic in the most advantageous manner. It was the feeling of the meeting that a properly enforced thirty minute ordinance would care for conditions here and that with a suitable force all cause of friction, either within the city, or between the city and surrounding villages might be prevented.

Resolutions were adopted by the meeting for presentation to the council at the next meeting of that body, Tuesday, July 17.

Her Fourth Birthday.

About fifteen of the little friends of Miss Dorothy LeVeille gave her a very pleasant surprise Monday evening, which was her fourth birthday. A delicious supper was served, after which all went for a delightful auto ride before returning to their respective homes. All, on departing, wished many more happy birthdays to the happy little hostess.

ANNOUNCING

A Free Public Exhibition of Priceless Art Treasures At The Oneonta Department Store

By special arrangements with the firm of Ellis Brothers & Joseph of Binghamton we are able to announce a Free Public Exhibition of rare Oriental Rugs, Hand-Wrought Damascus Lamps and other Levantine Works of Art. The exhibition opens today and will continue for one week.

Almost $100,000 worth of rare Art Objects is included in this Exhibition and collectors and students are particularly invited to attend. Many of the Oriental Rugs are not for sale at any price, being rare Antiques and Museum Pieces.

The Exhibition will be in charge of two experts, Jules Livingston, the well-known writer and lecturer on Oriental subjects, and Joseph Seyah, the famous expert on Oriental Dyes and Weaves. The services of these two experts are at the disposal of all.

Informal lectures on Oriental Mythology will be given each morning and afternoon during the Exhibition. Clubs and classes may arrange for private lectures by appointment. Private demonstrations of Oriental Rugs in your home may also be arranged by appointment. Expert appraisal of Oriental Rugs for purposes of insurance will be made without charge, by appointment.

Arrangements may also be made for washing and mending Oriental Rugs by native experts at nominal charge.

A few of the rare pieces included in this Exhibition will be offered for sale at attractively low prices. Every Rug sold will be covered by the following Guarantee: "This rug may be returned for exchange at any time at the purchase price."

If you love beautiful things you will find it well worth while to see this Exhibition.

CROP REPORT SHOWS GAIN OF MILLION

Favorably Received in Wall Street as Indicating Increase in Farmers' Buying Power

Brief Market Summary.

Day's total sales, 362,100 shares.

Twenty industrials averaged $8.47; net loss, .12.

High, 1923, 165.38; low, 97.05.

Twenty railroads averaged 78.38; net loss, .34.

High, 1923, 90.63; low, 76.85.

New York, July 10.—Prices worked to lower levels in today's stock market in response to a series of unfavorable domestic developments. The governmental crop report indicating an increase of $1,000,000 in crop value this year, was favorably received as indicating an increase in the farmer's buying power.

The favorable affect of the crop report was counteracted, however, by a decrease of nearly 600,000 tons in the unfilled orders of the United States Steel corporation, further cuts in important commodity prices including wheat, rubber, lead, sugar and Pennsylvania Crude Oil and further indications of decreasing production in other important industries, notably the automobile field.

While the unfilled tonnage of the steel corporation was a disappointing surprise to Wall street it actually had little effect on the steel shares. U. S. Steel common lost about a point on the day and the leading independents yielded small fractions. Copper yielded with the rest of the list but some encouragement was obtained from the fact that stocks of refined copper in the hands of American producers declined seven million pounds to 197,500,000 pounds in June, bringing the total on hand to less than 200,000,000 pounds for the first time since the war. Oils offered good resistance to selling pressure, despite the fact that another cut in Mid-Continent Crude prices is regarded as an early possibility.

Delaware and Hudson was run up to 103½, or 10 points above Saturday's low, in further reflection of official assurance that no change in the $9 dividend rate was under consideration. The stock loaned at a premium, which is unusual for a railroad issue. Western rails were heavy.

Widespread uncertainty over the ultimate trend of securities and commodities prices were reflected in their listless trading in today's bond market. United States government issues held firm.

Further recovery of the New Haven issues was the feature of the railroad list. New Haven francs 7s, and New York, Westchester and Boston 4½s each gaining about a point and New Haven convertible 6s advancing half. Liens of some of the western roads turned heavy on the announcement of a break in wheat prices.

Some good gains were recorded in the public utilities section. Interboro Rapid Transit 6s and Refunding 5s fourth points with smaller gains by other local traction company bonds. Milwaukee Electric Railway 5s also advanced a point.

Total sales (par value) were $9,503,000.

Nearly Died on Birthday

"On my last birthday, eight months ago, I had another given call. We had just finished dinner. My stomach began to hurt me, a common thing. I lay unconscious. Three doctors worked on me. I was revived with a cold sweat when I came to. The next week, Sunday, a friend advised me to use Adlerika. Gases escaped from my stomach, I vomited a portion of your medicine. I knew then this is not morphine. I have no more pains or bloating and am feeling better than for years past." It is a simple, complete preparation that removes GASTRIC poisons from the intestinal canal and allays the inflammation which causes practically all stomach, liver and intestinal ailments, including appendicitis. One dose will convince or money refunded at Geo. Wilber's drug store.

PARTITION SALE.

STATE OF NEW YORK, SUPREME COURT: OTSEGO COUNTY

Alta Brown, plaintiff, against—Lida Fisher, Blanche Brown, Frank Brown, Libby Brown, Myrtle Brown, Sheldon Brown, Clyde Brown, Mabel Brown, Louis Brown, William L. Williams, Blanche Brown, Infants under the age of 21 years, and all persons of the names of Orange Brown, deceased, and Robert Brown, defendants.

In pursuance of a judgment to the above entitled action of partition, granted on the 26th day of May, 1923, and duly entered in the office of the clerk of the county of Otsego, I, the undersigned referee, to and by said judgment for that purpose appointed, will sell at public auction at the front door of the postoffice in the village of Milford, Otsego county, N. Y., on the 11th day of July, 1923, at 1 o'clock p. m., the lands and premises in said judgment directed to be sold and therein described as follows: All that tract or parcel of land, situate in the town of Milford, county of Otsego and state of New York, and lying and being in the village of Portlandville, bounded as follows: Beginning at the northwest corner of the lot properly owned and occupied by Charles E. Seward, running thence northerly along the highway, forty-eight feet and three inches to a corner, said corner being originally half way between the Gardner house and the store called the Gardner store, thence easterly parallel to said Charles E. Seward's north line to the Susquehanna river, thence down said river on E. winds and turns to the northeast corner of said Seward's lot, thence westwardly along said Seward's north line to the place of beginning, being the same premises conveyed by James E. Sliver and wife to Helen Sliver by deed dated July 6, 1908, and recorded in Otsego County Clerk's office July 14, 1908, in Liber 270 of Conveyances, at page 137, to which deed and the records thereof reference is hereby made for a more particular description. The said lands and premises are subject to the rights and easements as granted by Helen Sliver to Theora Milton Angur, trustee, by deed dated July 3, 1908, and recorded in Otsego county clerk's office May 22, 1909, in Liber 272 of Conveyances, at page 322, and in said deed described as follows: The right and easement at all times to flood and fast the lands of first party up to the 125-foot contour line shown on the map filed in the Otsego county clerk's office on the 6th day of May, 1908, marked "Location of the 125-foot contour line in relation to the river and flowed lands in connection with the Hydro-Electric Development at Colliersville, Otsego county, N. Y.," by means of a dam across the Susquehanna river at the point known as the Goodyear Mills in said town of Milford at the height that the same is now built and maintained, together with the right to impound the waters of the Susquehanna river by means of said dam and to flow the lands of first party as same may be flooded and flowed because of the maintenance of said dam.

COUNTY LEGION CONVENTION

Plans Discussed at Meeting of Oneonta Post—Golf Realized From Sale of Poppies.

Plans for the county American Legion convention, to be held at Wilber park in this city at the same time as the county farm picnic, were discussed at the meeting of Oneonta post held last evening in K. of P. hall. The committee on arrangements could make no report as action has been withheld pending the setting of a date for the farm picnic.

The cup awarded yearly to the post earning the most points in the field and track meet will be contested for again and it was agreed that Oneonta post should make a strong bid for the trophy. Both Cooperstown and Richfield Springs posts are planning to send strong teams to the city. A committee, with Clayton Van Tassell as chairman, was appointed to stir up interest in the meet and athletes willing to compete are asked to communicate with him.

The matter of the sale of veterans' magazines, referred to in another column, was discussed and it was the unanimous opinion of the post that steps should be taken to stop the evil practice. The final report on the poppy sale was given. It showed that about $400 was cleared from the sale of the tokens. Oneonta post will receive $175 of this amount for local relief work and the remainder will go to the Veterans' Mountain camp. Applications for admittance to this camp, built for tubercular and gassed veterans who cannot get into government hospitals because of lack of proof that disability was contracted in the service, are now in the hands of Commander Harvey Sackett and Judge F. C. Huntington and may be obtained from them.

It was voted to constitute the executive committee a committee on applications for membership. Discharge papers must be submitted to this committee by all applicants for membership in Oneonta post.

PNEUMONIA AGAIN.

J. M. Sperry Has Second Attack This Season.

North Kortright, July 10. — Grave alarm is felt over the condition of J. M. Sperry, who was apparently making a good recovery from his critical illness from pneumonia when he suffered an attack of pleurisy and pleuro pneumonia has developed. This makes the third time that he has been a victim of this dreaded disease and on account of his already weakened condition, the outcome is considered very precarious. Dr. T. L. Craig of Davenport has the case and a trained nurse from Albany is in attendance.

In Fox Hospital.

Mrs. A. M. Henderson, who has suffered for months with rheumatism and stomach trouble, has entered Fox Memorial hospital for observation and treatment by Dr. Parish of Oneonta. Her many friends are hoping that she may be greatly benefited.

Recovery Assured.

Andrew Madsen, who recently underwent an operation for appendicitis at the Parshall hospital, Oneonta, has returned to his home in Kortright and seems to be making a good recovery.

Doig Reunion.

The Doig family reunion, held recently at the home of W. K. Adair, was attended by thirty-two members of the family, several coming from Bovina, Walton, Delhi and Laurens. A picnic dinner was served and the occasion was keenly enjoyed by all present.

Cars Collided.

Ferdinand Golfetti, who purchased the Wilson Porter farm in this community, was driving his Overland car toward home Sunday evening and at a point just below N. P. Nichol's store he met a coupe. Directly behind that was another Overland, whose driver, a Franklin man, attempted to run between with the result that his car rammed into Golfetti's, badly damaging both machines.

Radio Installed.

G. R. Davis has installed an excellent radio phone which is greatly enjoyed by the family and others. With the horn attached, the music or other entertainment can be plainly heard by anyone in the room.

Fishing Trip Postponed.

C. V. Peck, who enjoys nothing more than a fishing trip, had one planned last week in company with E. C. Sturges and had reached the Sturges home when he was taken with heart trouble and was obliged to return home, much to his disappointment.

Bridal Couple Return.

Mr. and Mrs. Ferdinand Harper have returned from a delightful wedding trip and after spending a little time with relatives here and in Davenport, have gone to Delhi, where they will make their home for a time, Mr. Harper being employed by Van Wilson, on his stock farm.

Guests at the Manse.

Mrs. Mae Quarry and two young sons of Uniontown, Pa., are guests of the former's sister, Mrs. R. R. Irwin, at the manse here.

Birth.

Announcements have been received here of the birth of a daughter, Shirley June, to Mr. and Mrs. Lyman A. Glover of Gary, Ind., on June 25th. The mother is remembered as Miss Evelyn Humphrey, formerly of this place.

Quite a Loss.

Thomas McAuley had the misfortune to lose a valuable horse last week with colic. The loss is considerable, especially at the beginning of haying.

Elwin Radley Returns Home.

Elwin Radley of 26 River street, who was quite seriously injured some time ago, returned home from the Parshall hospital Saturday. Radley was hurt when the horse which he was riding reared and fell on him, after he had slid to the ground. He has made an excellent recovery.
